Beyond sightings of the "Big 5," be on the lookout for cheetah, wildebeest, crocodile, hippo, and rhino. ## DAY 5 LAKE NAKURU–MAASAI MARA NATIONAL RESERVE

### Jewel of Kenya

This morning, depart for Maasai Mara National Reserve, Kenya's most famous game area. "The Mara," as it is called by locals, is part of the Serengeti ecosystem and boasts a strong permanent population of game. When the Great Migration of wildebeest and zebra arrive, typically from August to early November, their population grows by almost 2 million - a bountiful food source for predators such as lion, cheetah, leopard, and hyena. After lunch at your lodge, set out on an afternoon game drive.

 Breakfast  Lunch  Dinner

---

### TOUR HIGHLIGHT

**RICH IN CULTURE** Neutral tones are encouraged for safari expeditions but the village visits provide spectacular visions of vibrantly beaded necklaces and red clothing traditional to the Maasai culture, symbolizing strength and courage, as well as serving to ward off predators from afar.

---

## DAY 6 MAASAI MARA

### Magical Mara

Rise early for a morning game drive including an exclusive  bush breakfast. Be sure to watch for elephant, rhino, giraffe, topi, hyena, and much more. Return to the camp and relax prior to your afternoon game drive.

 Breakfast  Lunch  Dinner

---

**DAY 11**  
**NGORONGORO**

**Into Africa's Eden**

Descend into the crater for a full-day game drive. Ngorongoro Crater is the world's largest unflooded caldera, more than 2,000 feet deep with a floor covering over 102 square miles. Game viewing here is fantastic, as most of the animals stay in this area year-round. This is your best chance to see the rare black rhinoceros, lion, Cape buffalo, hippo, elephants, and a variety of birds during this extraordinary experience. An exclusive  bush lunch will be served in the crater.

---

**DAY 12**  
**NGORONGORO-SERENGETI NATIONAL PARK**

**On the Endless Plains**

Drive to Serengeti National Park, Tanzania's largest and most famous park. The Serengeti covers an area of roughly 5,700 square miles. The name comes from the Maasai word siringit, meaning "endless plains." Enjoy lunch at your tented camp before an afternoon game drive. You have the chance to see the big cats—lion, leopard, and cheetah—as well as an abundance of other animals, including the Nile crocodile, giraffe, gazelle, and eland. You may even spot a caracal, a rare, beautiful cat with distinctive ears and strong hind legs.

 Breakfast  Lunch  Dinner

---

**DAY 13**  
**SERENGETI**

**Serengeti Serendipity**

Continue your exploration during morning and afternoon game drives. Home to the annual Great Migration of wildebeest and zebra, generally between late November and July, the Serengeti attracts visitors from around the world and is great for year-round game viewing. Tonight, join a  farewell dinner in the bush featuring a traditional Maasai dance performance.

 Breakfast  Lunch  Dinner

---

#### LOCAL FAVORITE

**DINNER & DANCE** The Maasai people bring a history of colorful culture tied to this wilderness known as the Cradle of Life. Your special farewell dinner in the bush includes a traditional Maasai dance performance celebrating an ancient culture amid the majestic wildlife who find sanctuary here. The perfect ending to a spectacular safari adventure!

---

#### DAY 14

#### SERENGETI-ARUSHA

##### A Furry Farewell

Embark on one final game drive before flying back to Arusha, where a day room has been reserved for your use. Schedule departing flights after 5 pm.

## Traveler Notes

The Great Migration is a natural event, and the movements of the migrating herds are difficult to predict year to year. This safari includes Kenya's Maasai Mara National Reserve and Tanzania's Serengeti National Park, you're guaranteed to see the herds no matter when you visit. River crossings are more of a challenge, and we'll adjust game viewing if there is a chance to witness this rare and extraordinary sight!

## Ngorongoro Crater

NGORONGORO CONSERVATION AREA

# Ngorongoro Serena Safari Lodge

Regularly voted one of the best hotels in the world, this unique lodge clings to the rim of the magnificent Ngorongoro Crater, the largest and most perfect volcanic crater on Earth. Long and low, the lodge is built from local river stone and camouflaged with indigenous vines. Designed to blend completely into the landscape, it is entirely invisible from the floor of the Crater 600 meters below. Hugging the contours of the jagged Crater rim, the lodge takes its inspiration from the so-called 'Cradle of Mankind', the prehistoric site of Olduvai Gorge, which lies close by. Linked by arched stone passages and timbered decks, its walls are decorated with stylized prehistoric cave paintings and lit by flaring torches. Electricity is provided 24 hours a day.
